Touchless Tire Shine #QUA01144

Fast Drying Long Lasting Tire Shine

Features

- Professionally Shines all Rubber Products
- Extremely Glossy Finish
- Long Lasting
- Prolongs Tire Life
- Showroom Shine

Description

Touchless Tire Shine is a High Grade Coating specially formulated to professionally shine all rubber products including tires. Touchless Tire Shine leaves an extremely shiny finish that provides a long lasting shine, improving appearance and helps to prolong tire life.

Applications

Apply to any rubber surface. Great for use in Full Service Car Washes, Used Car Departments, New Car Prep and Auto Detail Centers, Works great for the DIY'er who wants that showroom look.

Directions

Shake can before use for approximately 30 seconds. Make sure the tires are clean and dry prior to spraying on Touchless Tire Shine. Apply two light coats instead of one heavy coat. Let dry between coats. After second coat sit back and admire the showroom shine from Touchless Tire Shine. Will not harm chrome and works on all types of tires. NOTE: Not to be used at a Paint and/or Body Shop, as this product contains silicone.

NOT TO BE USED ON PAINTED SURFACES
