

Product Data Sheet

OVEN CLEANER

#QUA01154

Works On All Types of Surfaces

Features

- Dissolves Grease
- Dissolves Carbon
- Clinging and Cleaning Foam
- Easy To Use
- Pleasant Fragrance

Description

Quality Aerosols Oven Cleaner is formulated for hard-to-clean ovens and cooking utensils. Its' clinging foam sticks to the sides of the oven for deep penetration and cleaning. Ovens, pots, pans and even barbecue grills are easily cleaned with less effort and better results than other leading brands. Works great on both warm and cold surfaces. Has a great lemon fragrance.

Applications

Safe for use on ovens, pots, pans and barbecue grills. Our Oven Cleaner works best in those hard-to-clean ovens and cooking utensils. Works great on warm or cold surfaces.

Directions

Shake well before using and often during use. Turn OFF current in electric ovens. DO NOT spray near pilot lights in gas ovens. TURN OFF GAS TO OVEN. For best results preheat oven to no more than 200°F and then turn off oven. Remove racks & equipment from oven & clean separately. Spray product toward surface to be cleaned. Leave door open. Allow Oven Cleaner to remain on surface for 8-10 minutes on warm surfaces or 10-20 minutes on cold surfaces. Wipe clean and then rinse with clean water to remove any cleaner. Repeat as necessary.
