Description

Quality Aerosols Xtreme® RED GREASE maintains a unique formulation of superior quality industrial lubricants in a convenient aerosol form. This product is designed for extreme or heavy duty applications, and offers superior lubrication under varying temperatures. This product clings to metal surfaces and withstands seizing, pounding out, wash-out, excessive wear, and galling.

Applications

Works great on all industrial, agricultural, marine, automotive, commercial, construction, and mining applications. In addition it works great on bearings, sleeves, sprockets, gears, chains, sliding surfaces, rails, pivot points, shafts, rollers, conveyors, cams, hinges, couplings and striker plates.

Directions

Shake can before use for approximately 30 seconds or until ball begins to rattle freely. Spray without the extension tube for a wide pattern. Use the extension tube for precise application of the Xtreme® Red Grease.
