Description

Quality Aerosols All Purpose Adhesive will give you professional results on all of your home projects. Our All Purpose Adhesive is extremely versatile and fast-drying. It bonds a wide range of light to medium weight materials. It is fast and aggressive with low soak-in that makes it ideal for projects all around your home and business. It forms a strong bond with everything from paper, cardboard, fabric, foam to plastic, wood and much more. Our All Purpose Adhesive is also Photo Safe.

Applications

Used for the permanent or temporary bonding of wood, metal, polyethylene, paper, all types of crafts, foils, films and is great for Scrapbooking and mounting presentations.

Directions

Shake can before use for approximately 60 seconds. Make sure surface is free of dust, dirt, oil, wax, rust and loose paint. Surface must be completely dry. Point Applicator towards the surface to be coated. Depress tip and spray onto the surface to be joined & allow adhesive to cure (approximately 2-3 minutes). Then press both substrates together for approximately 2-4 minutes.
