

Product Data Sheet

Q8200 Citrus Adhesive Remover
Industrial Grade, Biodegradable

Q8200 Citrus Adhesive Remover

Features

- Biodegradable
- Great to Remove Adhesive Overspray
- Good on Painted Surfaces
- Remove Residue with Water

Description

Quality Aerosols Q8200 Citrus Adhesive Remover is an industrial grade, biodegradable, natural adhesive remover. It is safer than most other adhesive removers. Q8200 aerosol and canister delivery system allows for an even controlled application. It can be used on painted surfaces, glass, porcelain, concrete and most surfaces and substrates. Q8200 is compatible with many plastics and vinyl. Residue can be removed with water.

Applications

Q8200 Citrus Adhesive Remover is used to clean of all types of surfaces and substrates. It is a natural solvent and adhesive remover. Residue can be removed with water.

Product Usage

Q8200 Citrus Adhesive Remover is formulated as an industrial grade, biodegradable, natural adhesive remover. Spray directly on the surface to be cleaned and allow the Q8200 to sit on the surface for a few minutes. If there is heavy dirt or adhesive buildup use a brush to help get the Q8200 into the substrate for proper adhesive removal. Wipe off the residue to finish cleaning the area.

Storage

Store in a cool, dry, and well ventilated area. Do not handle or store near open flame or other heat sources. We recommend storing at or above 65°F. Bulk and canister products should be kept off the floor.
